CAREER OBJECTIVE

I am a dedicated full stack developer and an SEO expert specializing in MREN (MongoDB, React, Express.js, Node.js) and PREN (PostgreSQL, React, Express.js, Node.js) stacks. Building web applications using React, Next.js, TypeScript, Firebase, while implementing strategic SEO optimized website functionality. Proficient in using modern frameworks like Tailwind CSS, Bootstrap, Material UI and Ant Design, I create responsive and visually appealing websites. My expertise in both backend and frontend development allows me to deliver comprehensive web solutions that enhance online visibility and user experience for clients.

LANGUAGES AND TOOLS:

Tawind css	React	Redux	Basic graphic design (canva)
Bootstrap	Next js	MongoDB (mongoose)	SEO (Keyword, tag, title, image)
Material UI	TypeScript	Node js (exporess)	Figma, PSD, ER Diagram
Ant Design	Firebase	Postgase SQL	Git (git mantenace)
